Care, Migration and Human Rights-Siobhán Mullally 2015-02-11 The continuum of exploitation that has historically defined the everyday of domestic work - exclusion from employment and social security standards and precarious migration status - has frequently been neglected. It is primarily the moments of crisis, incidents of human trafficking, slavery or forced labour, that have captured the attention of human rights law. Only recently has human rights law has begun to address the structured inequalities and exclusions that define the domain of domestic work. This book addresses the specific position of domestic workers in the context of evolving human rights norms. Drawing upon a broad range of case studies, this book presents a thorough examination of key issues such as the commodification of care, the impact of the jurisprudence of the Court of Justice of the European Union and the European Court of Human Rights on 'primary care providers', as well as the effect that trends in migration law have on migrant domestic workers. This volume will be of interest to lawyers, academics and policy makers in the fields of human rights, migration, and gender studies.

Key Aspects of German Employment and Labour Law-Jens Kirchner 2010-06-16 This publication gives an overview of all key aspects of German labour and employment law as well as adjoining fields. Legal professionals with expert knowledge and many years of experience explain the legal basis of these aspects of German law, point out typical practical problems and suggest solutions to those problems. In addition, examples are given on how to best manage legal pitfalls to minimize risks. This book translates employment and labour law for foreign in-house counsels and human resources managers at international companies and provides a clear understanding of the complex legal regulations in Germany. All three editors of the book, Dr. Jens Kirchner, Pascal R. Kremp and Michael Magotsch, are key legal professionals working at the Frankfurt office of DLA Piper, one of the largest legal services providers in the world (www.dlapiper.com), with national and multinational clients. Their experience includes the management of cross-border restructurings, outsourcing and transfer of undertaking measures, as well as the management of national and multi-jurisdictional merger and acquisitions projects, including post-merger integration processes.

Law And Menace Of Child Labour-Sunil Et Al. Deshta 2000-01-01 Children Are Blooming Flowers Of The Garden Of Each Society. The Future Of Any Nation Is Largely Determined On How Its Children Grow And Develop. The Term Child Labour Is Commonly Interpreted In Two Different Ways: As An Economic Practice; And As A Social Evil. The Child Labour Means The Engagement Of Children In Gainful Occupations Which Are

Often Hazardous To Their Health, And Deny Them The Opportunities Of Development. Although Child Labour Is A Global Phenomenon, Yet It Is More Severe In Developing Countries. In India Plethora Of Legislations Were Enacted By The Central Government As Well As The State Governments To Give Effect To The Constitutional Mandates, International Covenants And Recommendations. This Book Categorically Records The Laws To Curb The Menace Of Child Labour And Provides Succinct And Authoritative Information On The Theme. Major Topics Given Elaborate Treatment Herein Are: Scenario Of Child Labour Problem; Causes Of Child Labour In India; Genesis Of Child Labour In India; Legislative Safeguards Against Child Labour In Developed And Underdeveloped Countries; Legal Protection Against The Exploitation Of Child Labour In India; Mechanisation Of Child Labour Welfare In India Vis-À-Vis Ilo; And Appraisal And Suggestions.

The World of Child Labor-Hugh D. Hindman 2009 "The World of Child Labor" details both the current and historical state of child labor in each region of the world, focusing on its causes, consequences, and cures. Child labor remains a problem of immense social and economic proportions throughout the developing world, and there is a global movement underway to do away with it. Volume editor Hugh D. Hindman has assembled an international team of leading child labor scholars, researchers, policy-makers, and activists to provide a comprehensive reference with over 220 essays. This volume first provides a current global snapshot with overview essays on the dimensions of the problem and those institutions and organizations combating child labor. Thereafter the organization of the work is regional, covering developed, developing, and less developed regions of the world. The reference goes around the globe to document the contemporary and historical state of child labor within each major region (Africa, Latin and South America, North America, Europe, Middle East, Asia, and Oceania) including country-level accounts for nearly half of the world's nations. Country-level essays for more developed nations include historical material in addition to current issues in child labor. All country-level essays address specific facets of child labor problems, such as industries and occupations in which children commonly work, the national child welfare policy, occupational safety regulations, educational system, and laws, and often highlight significant initiatives against child labor. Current statistical data accompany most country-level essays that include ratifications to UN and ILO conventions, the Human Development Index, human capital indicators, economic indicators, and national child labor surveys conducted by the Statistical Information and Monitoring Program on Child Labor. "The World of Child Labor" is designed to be a self-contained, comprehensive reference for high school, college, and professional researchers. Maps, photos, figures, tables, references, and index are included.
